BAI# 15 **motion concerning University High School**

I move that the Board direct the Superintendent to work with UHS staff and site council to develop a plan for the expansion of UHS that addresses the following provisions:

1. UHS's exclusive use of an existing TUSD high school site, commencing in Fall, 2014.
2. Anticipated growth in UHS enrollment to accommodate more out-of-district students while maintaining priority for in-district students.
3. Assurances that the new UHS site is suitable for accommodating the creation, on the same site, of a new full magnet middle school with an emphasis on academic achievement opening no later than Fall, 2015. The middle school will have an independent name, mascot, and identity, and will be under the overall supervision of the UHS principal. Admissions will be open and subject to no test.
4. It is explicitly not the goal of this plan that students at the middle school typically matriculate to UHS. Attendance at or graduation from the middle school will confer no advantage in admission to UHS. Some middle school students will matriculate to UHS and others will matriculate to other TUSD high schools.

Staff should bring the UHS expansion plan to the Board no later than July 2013.
