The Vocabulary Gap

FACT

By 3 years of age, there is a 30 million word gap between children from the wealthiest and poorest families.

The average low-income child is exposed to **HALF THE NUMBER** of unique words per hour as the average middle-income child and **LESS THAN ONE-THIRD** that of the average high-income child.

Hart, B. & Risley, T.R. 1999, 2003, 2008
