

MEETING OF: February 14, 2017

TITLE: Approval for Increase of Expenditure Authority for Printing Supplies and Services Contracts for Adopted Math Materials (Engage New York)

ITEM #: 10

Information:

Study:

Action: X

PURPOSE:

Approval to increase expenditure authority for printing supplies and services contracts to facilitate the printing of materials for the adopted math curriculum, Engage New York.

DESCRIPTION AND JUSTIFICATION:

Additional printed materials are needed for the recently adopted math curriculum, Engage New York. The estimated number of printed pages is close to 34 million for the school year. The time frame for the needed printed materials has necessitated the District Print Shop to engage outside District contracted vendors to help with the needed printing supplies and the printing workload, as well as handling a portion of the work in house.

The District Print Shop Paper Supplies contract, IFB 17-15-21, originally had a Board Approved expenditure authority of \$70K per year. The Board approved an additional \$130K per year in September of 2016 for a current expenditure authority of \$200K per year. The Print Shop is asking for this expenditure authority to be increased by an additional \$125K per year to purchase the needed materials. The increase would bring the expenditure authority to \$325K per year over the next five years until June of 2021. IFB 17-15-21 was recently awarded to Spicers Paper after a competitive process, and was Board Approved in July of 2016. The Executive Summary from July of 2016 for IFB 17-15-21 is attached for your review.

The District Supplemental Printing Services Contract, RFP 13-16-17, had an original Board Approved expenditure authority of \$80k per year. The Board approved an additional \$170K in September of 2016 for a current expenditure authority of \$250K per year. The Print Shop is asking for this expenditure authority to be increased by an additional \$100K per year to purchase the additional needed supplemental printing services. The requested increase would bring the expenditure authority to \$350K per year for the current fiscal year only, until June of 2017. RFP 13-16-17 was awarded after Board Approval in August 2012 to multiple (3) vendors for Supplemental Printing Services. The Executive Summary from August of 2012 RFP 13-16-17 is attached for your review.

The Print Shop currently maintains leases for certain printing equipment. RFP 14-71-19 for a Print Shop Document Production System had an original Board Approved expenditure authority of \$110k per year. The Board approved an additional \$170K in September of 2016 for a current expenditure authority of \$250K per year. The Print Shop is asking for this expenditure authority to be increased by an additional \$90K per year to account for potential additional click charges associated with the need to handle a portion of the estimated 34 million printed pages. The requested increase would bring the expenditure authority to \$250K per year for the current fiscal year and the remaining three (3) years until March of 2019. RFP 14-71-19 was awarded after Board Approval in March 2014 to Ricoh USA Inc. for a Print Shop Document Production System. The Executive Summary from March of 2014 for RFP 14-71-19 is attached for your review.

To summarize, the requested increased spending authority is as follows:

IFB 17-15-21 - Printing Supplies - Increase by \$125K per year.
RFP 13-16-17 - Supplemental Printing Services - Increase by \$100K per year.
RFP 14-71-19 - Print Shop Document Production System - Increase by \$90K per year.
Total Increase by \$315K per year

Representatives from the District, including Heidi Aranda, Sr. Curriculum Coordinator, will be available to answer questions regarding the need for the additional printing services associated with the adopted curriculum material for Engage NY Math.

Kevin Startt, Director of Purchasing, will be available to answer questions regarding the associated procurement processes.
