

Superintendent Report
February 14, 2017

First, I'd like to recognize our middle school city champs. Congratulations to the **Secrist Middle School** Boys Volleyball team!

The Scorpions had a great season! They are the Pantano Division Champs and TUSD Tournament Champs for the second year in a row. The team finished the season undefeated, losing only two sets the entire season. Here are some numbers, the boys outscored their opponents by a total of 402 to 124, served 226 more aces and only gave up 58 aces. Incredible numbers!

A quote from their Coach, "What I'm most proud of is the way that they all played together as a team. Moving together as a unit, passing to each other, covering for each other and trusting each other on the court was great to watch."

Great job, Secrist Scorpions, come on up.

Next up is another team of State Champions, the **Sabino High School** Spiritline – All Girl Division 3 Show Cheer State Champions. These young ladies are incredibly dedicated, beginning practice every morning at 5:30 a.m. All that hard work paid off. The team is ready to head to Anaheim in March for the Nationals!

Come on down, Sabino Spiritline!

Invite community to the State of the District Feb 27

I also wanted to be sure to invite the board and our community to this year's State of the District on February 27th. We'll be at Tucson High Magnet School at 6pm. This year we're shaking things up a bit with a Student and Staff "Takeover" as we celebrate the big achievements and look ahead to the future.

We hope to see you there, but we'll also live stream on TucsonUnified.org if you can't make it in person.
