PURPOSE:

The purpose of this presentation is to provide the Tucson Unified School District Governing Board with an overview regarding the components of each transition plan and a timeline for communication with the Special Master, plaintiff representatives, and the community at large. The presentation will also include components that have been added to the plans as a result of the district's continued collaboration with the Special Master and the plaintiffs.

---

DESCRIPTION AND JUSTIFICATION:

In response to the identified instructional needs of each transition school and the schools' current levels of student achievement in both ELA and math according to the spring 2016 administration of AZMERIT, transition plans for each campus have been centered on three school wide goals designed to increase academic achievement. The focus on improving classroom instruction, the efficiency and effectiveness of Professional Learning Community collaborative teams, and providing struggling students during the school day access to needed instructional support, are practices that are characteristic of schools and districts that have been successful in closing the achievement gap.

Dr. Gabriel Trujillo, Ms. Janna Acevedo, and Mr. Sam Brown will be present to address questions.
