PURPOSE:

The purpose of the presentation is to provide the TUSD Governing Board with updated information on Edgenuity's data (grades), course offerings and use at sites. Additionally, information will be provided speaking to the rate of successful completion, courses most often taken by students, particularly as it applies to credits needed by seniors to graduate

---

DESCRIPTION AND JUSTIFICATION:

Edgenuity, as it currently is being used, provides decisive intervention and credit recovery options in TUSD's high schools. This presentation will serve as a continuation of the presentation that occurred in November 2017 and will provide additional data gathered from Fall 2017 data, including credits recovered, seniors who would not have graduated without Edgenuity opportunities and a review of Edgenuity info from other districts.
