

Superintendent's Student Advisory Council Report
April 14, 2015

> The latest meeting took place on March 30 at Duffy Middle School. There, students met with a group called Lead Local and went through a Career Cafe. With the help of Tucson community leaders ranging from Starbucks baristas to County attorneys, the group learned about networking and interviewing skills.

>> Students enjoyed the experience and knowledge they gained from the activity. Our next meeting is tentatively scheduled for the end of April at Santa Rita High School.
