

Change in Contract Vehicle for Edupoint's Synergy SIS

Approval to use a Cooperative Contract for Expenditures in Excess of \$250,000 for Student Information System (SIS) Software Licenses Renewal

TUSD's Synergy Vendor has Changed

- **February 2015:** TUSD contracts directly with the Arizona Department of Education (ADE) for use of Synergy as the Statewide Student Information System (SSIS)
- **December 2017:** ADE announces that they will no longer function as a direct vendor to school districts
- **February 2018:** TUSD becomes a direct client of Edupoint Educational Services, with equivalent pricing, through the Mohave Educational Services Cooperative. TUSD's first Mohave contract is prorated to the end of FY2017-18.
- **Current Status:** Direct relationship with Edupoint represents a significant improvement in terms of service, vendor access and providing customer voice in product direction. Since the renewal cost for a full year exceeds \$250K, board approval is required to renew in FY2018-19.

Cost Per Student Under Each Contract

	FY17-18 Renewal Fees Under IGSA with ADE	FY18-19 Renewal Fees Under Mohave Contract*
Synergy Core Modules	\$6.00	\$6.00
Online Registration Module	\$0.50	\$0.50
LessonVUE Curriculum Management	\$0.50	\$0.50
Special Education Module	\$8.00	\$8.00

**While enrollment varies from year to year, Year 1 enrollment is used throughout the duration of the contract term to lock in the Year 1 rates*
