Evaluation of Classroom Teachers and Other Certificated Non-administrative Staff Members

The District evaluation instrument will utilize the required elements of the model framework for a teacher and principal evaluation instrument adopted by the State Board of Education that includes quantitative data on student academic progress that accounts for between thirty-three percent (33%) and fifty percent (50%) of the evaluation outcomes for a final cumulative evaluation score of up to 100 points. The certificated teacher shall be classified as either highly effective, effective, developing, or ineffective.

Definitions for the above performance classifications are as follows:

- **Highly effective:** A teacher will be classified as Highly Effective with final evaluation score of between 74-100 points.
- **Effective:** A teacher will be classified as Effective with final evaluation score of between 56-73 points.
- **Developing:** A teacher will be classified as Developing with final evaluation score of between 40-55 points.
- **Ineffective:** A teacher will be classified as Ineffective with final evaluation score of 39 or fewer points.

The performance classifications are to be applied to the evaluation instruments in a manner designed to improve principal and teacher performance. At least annually, the School District Governing Board shall discuss at a public meeting its aggregate performance classifications of principals and teachers.

In accordance with state law, the District shall involve its certificated teachers in the development and periodic evaluation of the teacher performance evaluation system. The following elements will be a part of the evaluation system:

- A copy of the evaluation system shall be given to each teacher in the District.
- Qualified evaluators will be only those individuals who have completed and passed, and continue to pass as required periodically, the Qualified Evaluator Training Professional Development. The Superintendent will forward to the Board the names of all qualified evaluators.
- The best practices for professional development and evaluator training adopted by the State Board of Education.

Inadequacy of Classroom Performance

Classroom performance is considered to be inadequate when a teacher is rated as Ineffective or when a teacher is rated in the lower two categories (Developing or Ineffective) for two consecutive years unless qualifying for an extension as follows to allow for continued development:

- The teacher is in the first two years of teaching,
- The teacher is assigned to a new grade level or content area in the current year, or
- The teacher has improved performance as rated in the evaluation instrument by no less than six (6) points.

Teachers who qualify for an extension under this policy will have one additional year to reach a rating of Effective. Failure to reach an Effective rating by the end of the additional year will be considered inadequate classroom performance.

Prior approval by the Board is not required for each notice of inadequacy. The Deputy Superintendent and Assistant Superintendents, (are) authorized to issue notices of inadequacy of classroom performance, subject to approval by the Superintendent. When a notice is issued without prior Board approval, the Board shall be notified within five (5) days of such issuance.

Evaluation of Administrators and Psychologists

The District shall establish a system for the evaluation of the performance of principals, other school administrators, and psychologists. The District will seek advice from District administrators and psychologists in the development of this performance evaluation system.

Principal Evaluations

Principals shall be classified as Highly Effective, Effective, Developing or Ineffective.

Definitions for the Principal performance classifications are as follows:

- **Highly Effective:** A principal will be classified as Highly Effective with final evaluation score of between 76-100 points

- **Developing:** A principal will be classified as Developing with final evaluation score of between 45-56 points
- **Ineffective:** A principal will be classified as Ineffective with final evaluation score of 44 points or less
