- B. One freestanding directory sign shall be permitted for the retail portion of the complex. Sign shall be located between the columns supporting the "Geronimo Lodge" sign on University Boulevard. Sign may use both sides of a sign board supported between the columns and externally lit. Total size, height, and design of the sign shall be determined by the Advisory Board,.
- C. The two northernmost or end lodges of the complex may use awnings similar to those applied to the Hotel building, identical in color to those of the Hotel, and containing their signage on the awning in white letters following the formula of four square feet per rental unit, per street frontage. If this option is employed, both northernmost lodges must follow this pattern of signage and exclude the wall plaque signage otherwise allowed.
