

TUSD Tutoring RFP 18-10-20

**Growth
Capacity**

TUSD

Vendor Tutoring provides additional tutoring to high needs students while reserving site teacher resources and energy to target services, provide teacher professional development, and avoid teacher burn-out.

Private Schools

Currently the majority of contract tutoring hours are allocated to private school students as legally required by Title IA.

Use of vendors relieves TUSD teacher shortages by reducing the number of teachers TUSD must provide for private school services.
