Affiliation with District: Classified Staff

If other,

Policy: IJNDB - Use of Technology Resources in Instruction

Comments: I think the policy language is easy to follow and understand. I think information regarding the types and/or process of disciplinary action would be beneficial. There are also a variety of grammar errors (e.g., missing periods and commas) that make some passages difficult to follow.

Suggestions: Add information of where to locate disciplinary procedures and/or policies. Correct grammar errors.
