

The Human Resources Department intends to procure substitute services from Educational Services Inc. (ESI) using a Mohave Educational Services Cooperative purchasing contract for a six month period, as outlined in the Substitute Transition Plan presented at the July 10, 2018 Board Meeting. Expenditures for the six-month period are estimated at \$3.75 million for these substitute services through ESI. Board approval for this expenditure is required to continue services using ESI through the Mohave Educational Services Contract.
