BULLYING IS A NATIONAL ISSUE AFFECTING SCHOOL DISTRICTS

- One out of every four students (22%) report being bullied during the school year. ([National Center for Educational Statistics, 2015](#))
- More than half of bullying situations (57 percent) stop when a peer intervenes on behalf of the student being bullied. ([Hawkins, Pepler, and Craig, 2001](#))
- School-based bullying prevention programs decrease bullying by up to 25%. ([McCallion and Feder, 2013](#))
- 19.6% of high school students in the US report being bullied at school in the past year. 14.8% reported being bullied online. ([Center for Disease Control, 2014](#))

NEXT STEPS

- Planning meeting scheduled for Sept. 7th to begin identifying District-wide systemic strategies all schools can actively apply and engage.
- Plan for supporting Bullying Prevention Month during the week of October 17th.
- Create engaging ways for our School Safety Officers and Law Enforcement to strengthen positive relationships on campuses.
