### PURPOSE:

The purpose of the presentation is to discuss the need for substitute teachers across Tucson Unified School District as well as the geographic distribution of sub fill rates.

---

### DESCRIPTION AND JUSTIFICATION:

This study is an initial attempt to characterize the need for subs across Tucson Unified School District as well as the fill rates for long and short-term subs. This study examines different types of schools by program (Dual Language, Magnet), ethnic composition (concentrated, neutral, integrated), and academic performance (letter grade comparison) to understand if the need for subs or the sub fill rates are different based on those characteristics. Additionally, this study examined the most common reasons why teachers were absent from the classroom and needed short-term subs.

Dr. Halley Freitas, Sr. Director Assessment and Evaluation will be present to address questions from Governing Board Members.
