

Mark Stegeman Superintendent Goals for 2016-2017

I would like to see six goals:

Targets for five goals with objective metrics:

- *Enrollment
- *Budget allocation according to Auditor General
 - higher instructional spending
 - lower administrative spending
- *AzMERIT and AIMS Science scores
- *Number of unfilled teaching positions by the start of school.
- *Parental attendance at site council meetings.

One additional goal, requiring a degree of subjective assessment:

- *Desegregation compliance and progress, including reduced legal bills.
