Extended Day Credit Recovery Overview

- ❖ Provides an opportunity for Tucson Unified high school students to earn credit for a course(s) previously failed
- ❖ Students are able to enroll in the credit recovery course for 1 or 2 periods after the regular school day ends
- ❖ Credit recovery implementation in the classroom after school matches what is being implemented during the regular school day

Extended Day Credit Recovery Process

- ❖ Counselors look at list of students who are credit deficient
 - ❖ Seniors have top priority due to graduation
- ❖ Counselors communicate with student and parent/guardian regarding Extended Day Learning Credit Recovery option
- ❖ If parent/guardian gives permission for this option, student is then placed in the Extended Day course(s)
- ❖ If parent/guardian does not provide permission, site has them fill out an Opt Out form stating he/she does not want student to participate

Extended Day Credit Recovery Transportation

- ❖ Transportation is currently being provided from Rincon to Catalina.
- ❖ Numbers became too large for sites to accommodate, thus the implementation of programs at Cholla, Palo Verde, Rincon and Tucson High.

Extended Day Credit Recovery for Late Enrolling Students

- ❖ For students enrolling late into a semester, extended day credit recovery should be utilized, if possible.
- ❖ Goal is to support the student in an online learning environment in order to earn credit
- ❖ For the next semester, student would then have a more traditional schedule
