### PURPOSE:

The purpose of this informational item and presentation is to inform the board of school level expectations for performance in the areas of instruction, student support services, customer service, professional development, and operations and campus management.

---

### DESCRIPTION AND JUSTIFICATION:

These expectations will serve as the measures of a school's achievement of excellence in education, engagement, service, and opportunity as noted during the August 30th presentation. Assistant Superintendents are required to be out of the central office and visiting schools at least one day per week, specifically to assess and support the effectiveness of campus level teams, systems, and practices in these identified areas.

Additionally, please note:

1. These expectations have been reviewed with all Assistant Superintendents and each Assistant Superintendent has reviewed these expectations with principals in a one-on-one setting.
  2. These expectations align with specific performance indicators noted in the principal evaluation instrument and will serve as school level performance indicators of excellence in education, engagement, service, and opportunity.
