

Superintendent's Student Advisory Council Report  
December 8, 2015

Good evening, President Grijalva, Board Members,  
Superintendent Sanchez, and Council:

The last SSAC meeting took place on November 16 at Project More. There, the Council analyzed the Teacher Evaluation surveys TUSD students took this past week. I hope to see their thoughts and recommendations used in revising next year's surveys. The group also provided feedback regarding elective classes at their sites, which may be used in plans for registration for upcoming years' elective courses. Superintendent Sánchez and Board President Grijalva were present to encourage SSAC members to attend the community meetings taking place regarding education.

Our next meeting will not take place until January.

I look forward to carrying out more good work next semester.  
Thank you.

Thank you.  
Michelle Howard  
SSAC President  
2015-2016 School Year
