	<p>POLICY CODE: JJJ</p>

Interscholastics All interscholastic activities in grades Kindergarten through twelve (12) that are:

- 1) of a competitive nature and involve more than one school where a championship, winner, or rating is determined and

 - that are of a continuous and ongoing nature, and
 - organized, planned, or sponsored by the District,
- 3) consistent with District policy, shall be conducted under the provisions of this policy.

Such activities will be established and designed to offer students worthwhile athletic and leisure-time interests, wholesome recreational and social activity, and an opportunity to develop skills in democratic and cooperative management for these activities.

These programs will be appropriate to the maturity of students and as varied as staff and facilities permit.

Supervision All such activities conducted under the auspices of the District shall be under the direct supervision of the certificated individual responsible for the activity.

Eligibility

- The eligibility criterion for extracurricular participation shall be a passing grade in all classes in which the student is enrolled, and the student shall maintain progress toward promotion or graduation.
- The sponsor for each extracurricular activity will monitor the academic work of all students participating in his or her extracurricular program(s).
- Student grades shall be checked by the Athletic Coordinator of the

student's school on a cumulative basis every grading period (four and one-half (4-1/2) weeks).

The responsibility for notification of students and parents of these requirements and for enforcement of the above rule rests with the Superintendent.

Ineligibility

- Students who, upon having their grades checked show that they are not working to capacity and have one (1) or more failing grades will be deemed ineligible from any athletic team's or extracurricular activities' competition.
- Students whose behavior presents a problem or jeopardizes school discipline may be ineligible for participation in extracurricular activities until such time as their behavior warrants reinstatement.

Students deemed ineligible due to academic performance can regain eligibility after two (2) weeks if passing all classes.

Teachers are not required to create additional assignments or assessments for ineligible students, though they may at their own discretion.

After ineligible students improve their respective grades such that they are passing on a cumulative basis, the student shall regain eligibility to his or her teams or extracurricular activities until a subsequent grade check is performed, unless the student is ineligible for some reason other than academic performance.

Religious or Cultural Accessories

A District school, or interscholastic athletic association of which the District is a member may not prohibit a student from wearing a religious or cultural accessory or hair piece while participating in an extracurricular or athletic activity if the accessory or hair piece does not jeopardize the health or safety of the student or any other person participating in the activity, as determined by the supervisor of the extracurricular activity or the officiant of the athletic activity.
