2. Superintendent's Student Advisory Council (SSAC) Report      No action required.

Dr. Sanchez introduced new leadership – Michelle Howard, President, Sabino Junior; Rachel Juarez, co-Vice President, University High Sophomore; and Ciana Cronin, co-Vice President, University High Sophomore.

Michelle Howard presented the report. She indicated that she and the vice presidents and the SSAC Sponsor Chuck McCollum discussed the missions for SSAC for the school year. One of the missions is reaching out to middle schools to stress the importance of high school in the effort to make TUSD the best it can be.

Ms. Grijalva congratulated Ms. Howard on her election and indicated she was welcome to stay as long as she wished at the meeting.

3. Superintendent's Report      No action required.

Dr. Sanchez introduced representatives from Prescott College and asked them to share the conversations in terms of potential partnership with TUSD.

Paul Burkhart, Executive Vice President for Academic Affairs and Provost for Prescott College, reported that for eight months Prescott College has been in conversation with TUSD staff working to build a partnership that would include a lease at the Menlo Park School and to provide professional development opportunities, a discounted degree completion program for employees, and dual enrollment programs for students. He reviewed and clarified the dual enrollment program proposal and stressed that both institutions would have to approve curriculum. He discussed the benefits this would bring to Prescott College, the difference with what Pima Community College offers, and the benefit to TUSD and the Menlo Park neighborhood.

### 3. Superintendent's Report (continued)

Dr. Sanchez clarified this item (a lease with Prescott College) was removed from the agenda prior to the meeting in order to get the community's perspectives which will be shared with the Board when received. He stated this was to honor the Board's commitments to communities to get their point of view when repurposing closed facilities. He asked the Board to submit any questions in advance of the item being resubmitted for Board consideration in order to include the answers in any future presentation.

Ms. Tolleson responded to Ms. Grijalva's inquiry if board members could ask questions without an agenda item, by indicating this was part of the Superintendent's report but the item could be placed on a future agenda.

Dr. Sanchez asked Eugene Butler to give an update on the Steps to Success program including how many students have come to Catalina center to re-enroll. Mr. Butler presented the report by explaining this was a two-tier system: On July 18 TUSD staff and community members went out to the community to address Zone-50 which consisted of 50 targeted students who had passed AIMS and had less than two credits to graduate; of those students, 43 are back in a school, and 39 of those are back in TUSD. The second tier was 457 students and waiting on ten-day count to determine names of those who are in school. The effort will be repeated in January on a lesser scale, but will again target students who are on the cusp of graduation. Dr. Sanchez acknowledged the work of Mr. Butler and the Equity Directors in developing this effort and expressed gratitude to the Mayor and other members of the community for their participation.

Dr. Sanchez reported on the tenth day information expected on Friday which will reveal students who didn't show up as expected and will be dropped so adjustments may be made to the 1:27 initiative. He stated TEA and HR would continue to work together to ensure the process honors the teachers and the initiative. He also commented on schools where additional growth happened and those that were within expected enrollment. He discussed the diligent efforts of HR and other staff to recruit teachers, including attendance at job fairs. He acknowledged the work of HR and Anna Maiden, Finance and Karla Soto, Yousef Awwad, Technology Services, Adrian Vega, Abel Morado and principals.

presented the report. **[Details of the presentation are available via the agenda item and audio and video recordings posted on the web.]** She reviewed the extensive process of submitting plans to the Plaintiffs, the Special Master and the Court, and the timeline for objections and responses, with the ultimate goal of reaching unitary status. She explained some issues of disagreement are not with the plans designed for compliance with the USP, but are with items contained within the plans. She stated that in response to a statement by the Court that the District has been less than collaborative, a request has been filed with the court to strike the statement that the District has not been collaborative. She stated further that if the request is denied, a request will be filed to submit the extensive evidence of collaboration. She explained that currently the provision of evidence of collaboration is prohibited by the Court. Regarding the Court's permission given to the Special Master to retain legal counsel, she reported that a request has been filed with the Court for reconsideration and stated several reasons justifying the objections. She reported that multiple requests have been made for a hearing in the case which the Court has denied. She reported on the requests for attorneys fees.

Dr. Sanchez expressed appreciation for the work by Ms. Waterkotte and Scott Morrison, Project Manager, to attempt to resolve differences and reach consensus.

Ms. Waterkotte responded to Dr. Stegeman's inquiry, using the UHS appeal as an example, on why the Special Master's preferences would be acknowledged if they are not part of the compliance with the USP. She referred to the Ninth Circuit brief which acknowledges the USP requirements, but stated that, even after doing all the requirements of the USP regarding a plan, the District is being subjected to an unclear standard of review which accepts the Special Master's recommendations.

In response to Dr. Stegeman's inquiry if the Special Master's attorney will become a Party in addition to the Plaintiffs and the Department of Justice, Ms. Waterkotte indicated the scope of the attorney's role is unclear and expressed doubt that would happen.

8. Presentation/Update on the Fisher-Mendoza Desegregation Case (continued)

Ms. Foster expressed concern that the amount of work that has been done is not viewed as collaboration by the Court and that the District has had no requests granted. She stated the District may need to move in a different direction. Dr. Sanchez asked if her opinion is to accept the Plaintiffs' and Special Master's direction on the plans without objection, and requested the Board's direction. Ms. Foster explained she was speaking as only one board member and expressing her concern.

Ms. Tolleson provided history of the Fisher-Mendoza case that there have been no trial or evidentiary hearings where live evidence has been presented. It has been a historic challenge to get into the courtroom to tell the District's story.

Ms. Waterkotte provided clarification that the denials are to present oral arguments. She responded to Ms. Foster's question that no one knows why repeated requests for a hearing have been denied. Ms. Tolleson provided additional information.

Mr. Juárez stated that it is difficult to collaborate when there is an unclear standard of review and stated more information would be needed on the expectations of collaborative methods.

Ms. Grijalva stated that the objectives of equal opportunity, equal access, and advanced learning opportunities are the same for all, but the conflict is how to get there. She expressed her concern that direction should be clear on criteria and expectations, and if painful decisions are required, it should be clear that everyone is doing it together.

Ms. Grijalva called for a short recess.

Ms. Soto indicated this process is outside the normal budget procedure and causes delays in the completion of other work such as publishing of the budget book.

Mr. Hicks asked why the budget can't go before everyone to make sure it's okay before the board votes. Dr. Sanchez stated the District agreed to abide by the process being utilized when it voted for the USP, and the Court has the final say.
