

March Board Meeting Report

Leamon Crooms

SSAC President

Good Evening Board Members and Attendees, My name is Leamon Crooms and I am the Superintendent Student Advisory Council President. For those of you who don't know, the Superintendent's Student Advisory Council, or SSAC, is a group composed of student leaders from around the district the meets to discuss the happenings of the district and give The superintendent the student perspective on them.

We held our fifth SSAC meeting of the year at Catalina Magnet High School on February 14. This meeting was the first of two community service projects we will be completing as a council. For this project, we created blankets to donate to Project Linus. Project Linus then took those blankets and gave them to young children in the hospital. After working together in groups, we were able to hand craft twenty plush blankets to donate. I appreciate all the work my council has done and will do for the community and hope each of the leaders on it take away a lesson from the work we are doing. After the community service project, each high school group was interviewed about the positives of their respective schools. We then adjourned our meeting.

Next meeting, we will have our final community service project next meeting will be on March 13 at Pueblo high school. At this meeting we will create at least 400 bags of basic toiletries to be given to middle school students who don't have access to them. Thank you.
