

Your Partner for Success!

1 Government Procurement Alliance is an Arizona based governmental purchasing cooperative which allows public agencies to take advantage of existing contracts to purchase the goods they need, at the most competitive prices.

1GPA's aggregated purchasing power and access to established public contracts means Arizona agencies can purchase facility-related products and services offered at the most competitive prices, often from in-state vendors, as well as from nationally recognized contract holders.

We are proud to showcase our current vendors:

1 GOVERNMENT PROCUREMENT ALLIANCE

A Non-Profit Organization

CONTRACT HOLDERS

Architect

Pinal County School Office
Orlenda F. Roberts
Superintendent

Linda C. Hughes
Associate Superintendent

Tonya L. Taylor
Chief Deputy

May 22, 2012

Superintendents & Business Managers:

The Pinal County School Superintendent's Office is no longer partnering with The Cooperative Purchasing Network (TCPN) due to their reorganization and structural change from being a non-profit to a for profit organization. Any purchases made by your schools or district utilizing TCPN will need to be made in accordance with the USFR for Arizona School Districts (ex: due diligence will need to be done). We have enjoyed a successful partnership with TCPN over the past few years and appreciate the returns that allowed us to provide reduced or free services and programs to the districts in our county.

The Pinal County School Superintendent's Office has formed a new partnership with 1GPA (1 Government Procurement Alliance), a non-profit cooperative purchasing network based in Arizona. For more information on 1GPA you may contact: Mike Chouteau at 602-327-3735. Many of you will be familiar with Mike Chouteau as he has been a State Manager with TCPN for many years working with schools in Pinal County.

Sincerely,

Orlenda F. Roberts
Superintendent
Pinal County School Office
