Ref. RFP No. 14-17-18 Pest Control Service (District Wide)

To: Kevin L. Oster Procurement Specialist (TUSD)

From: Reginald McClendon Acting Buildings & Grounds Mgr.

The evaluation team and I assembled on July 26, 2013 at 9AM to finalize Phase II Best and Final offers of the Pest Control RFP No. 14-17-18 sub mitted by Terminix and Essential Pest Management. The members reviewed the offers independently prior to the committee discussions. Our assessments are as follows: We were unable to provide sufficient weights to Terminix's submittal because it was incomplete and considered a no bid as a result of insufficient pricing for services as needed and required. Each committee member prepared and has submitted a final Evaluation Score Sheet. Based on the team findings and consensus we are recommending that the Pest Control Services be awarded to Essential Pest Management. If you have any questions I may be reached via email or @ est. 225- 4619.
